# DO IT YOURSELF CONVENIENCE...IN 3 EASY STEPS

## Define the Project

Provide a brief description of the project. You may edit this information at any time. Content about pending projects is released **ONLY** to the Monitors you select. All information entered here is private and protected by Secure Socket Layer (SSL) Technology.

## Search the Database

Search for Monitors using a variety of parameters including Availability, Therapeutic Specialty, Indication, Years of Experience and Monitor Location. Then view a summary of the Monitor's qualifications.

## Select the Candidate

Choose the Monitors who most closely match your project needs. They will respond by granting access to their contact information if they want further consideration for the project. Then simply conduct a telephone interview and make the final selections. The remaining project specific details of the Contractor Agreement is completed and you are ready to start your project.
